EXPERIENCE

Part-Time Consultant | MSA

January 2012 / Pittsburgh, PA

Worked on MSA's Firefighter Location project evaluating the product system and user interfaces. The final deliverable was a formal report that included various evaluation methods and recommendations.

Interaction + Industrial Design Intern | MSA

Summer 2011 / Pittsburgh, PA

Involved in the Firefighter Location System project, a product line designed for tracking and managing the locational positions of on-duty firefighters. Supported the efforts of engineers and designers in both industrial and interaction design tasks.

Stepgreen | Interaction Designer

Spring 2011 / Pittsburgh, PA

Worked alongside developers to design an Android application for environmental research organization stepgreen.org.

Teaching Assistant | Carnegie Mellon Design

Fall 2011 / Pittsburgh, PA

Assisted first-year design studio course for introductory skills and concepts of design drawing.

PROJECTS + ACTIVITIES

Student Advisor | HCI Institute

Fall 2011 - Present / Carnegie Mellon

Member of the Human-Computer Interaction student advisory committee. Responsible for organizing events, resources and academic support for undergraduate HCI students.

LG Sponsored Project
